

2022 PHOTO SAFARI WORKSHOP

Visit legendary Tanzanian locations rich with photographic opportunities and unparalleled safari adventure. Photograph the stunning wildlife, landscapes, and culture of Tanzania. Our journey takes us through the Serengeti's Northern circuit and the Mara River region where the great migration run the gauntlet of crocodiles and swift currents. The Tarangire, Ngorongoro Caldera, and Western Serengeti offer equally rich wildlife viewing experiences.

Important Trip Information

- All bookings, guide services, accommodations, trip extensions, and optional activities are handled by Innocent Lyimo of *Destination Tanzania Safaris*. Contact inno@detasa.com for trip information, confirmations and payments.
- Photography workshop and education managed by Hugh Smith, *Life and Lens Travel*. Contact retendokid@gmail.com for more information pertaining to photography, equipment or the trip format.
- Pre or post trip extensions, such as climbing Kilimanjaro, a beach holiday in Zanzibar, or visiting mountain gorillas in Rwanda are popular add-ons and can be arranged through DETASA.
- Optimal flight itineraries, pre-departure briefings, packing lists and other information will be provided to all registered guests.

PHOTO SAFARI FORMAT

- You do not have to be a photographer to enjoy this trip—a safari is first and foremost an amazing adventure. However, a safari is a natural setting for rapid learning and skill acquisition due to the abundance of photo opportunities. So if you are interested in learning how to take better photos, this is the place!
- Our trip format consists of early morning and late afternoon game drives, with daily individual instruction and group didactics/discussions.
- A series of pre-departure zoom lectures will span a wide variety of photographic topics including wildlife composition, lighting, landscapes, portraits, the exposure triangle, what makes a great image, photo equipment, post-processing and more.
- Each safari vehicle is supplied with a walkie-talkie so questions can be posed at any time throughout the trip.
- Guest photo critiques are a fun way to share your artistry and gain valuable feedback from the group.
- Any type of camera (compact, mirrorless, bridge, DSLR) is suitable if it has a 'mode' dial (P, A, S, M).
- We limit safari vehicles to 3 guests each so there's room for you to photograph in uncrowded conditions.

A Tanzanian safari is an incredible experience and we can help you bring home stunning digital memories of the natural beauty you will encounter.
